Maximize your time at the fair

- Ensure your personal data is accurately and securely shared with colleges and universities of your choosing

- Increase face-to-face time with admissions officers

Look how easy it is!

How does online registration help me?

Registering for a college fair through our simple, online registration page allows you to easily input your personal information, elaborate on your special interests, extracurricular activities, and unique accomplishments.

- No need to fill out prospect cards with the same information at every table you visit

- Instead, **provide your information once online.** Hit submit to print out your registration barcode

- Bring this barcode with you to the fair and start visiting college and university tables

- College representatives will have a barcode scanner to securely capture the registration information you provided online, saving you *both* a lot of time and effort

- Spend your time at fairs talking to admission representatives and learning about their schools

Register today!
